

CLASSIC BRASS

JAMESTOWN, NEW YORK

CARE OF FINISHES

Our finishes on solid brass or bronze hardware are created through a series of refined handcrafted finish steps. The protective coating on our all of finishes is either lacquered or wax (i.e. living) finishes. The living finishes will naturally age, resulting in a unique patina based on a combination of factors including time, climate, environment and level of use. These factors contribute to the changes which will occur in living finishes and are the reason for difference between samples and the ultimate finish. Please contact us with any questions regarding finish life, maintenance and recommendations.

Lacquered finishes: Clean with water and mild soap. Carefully dry the product with a soft cloth.

Living finishes: Occasionally apply a clear furniture paste wax. Allow to dry and gently hand buff the product with a clean soft cloth.

*All harsh chemicals and abrasives must be avoided.

WARRANTY

Classic Brass guarantees our products to be free of defects in material and workmanship for life. We will replace or repair any defective product.

Our lacquer finishes are guaranteed for a period of one year from date of purchase. Our wax finishes will naturally change over time due to issues such as climate, environment and level of daily use. The natural patina process will result in a unique finish, therefore not eligible for warranty or return.

RETURNS

All Classic Brass Hardware is made to order and is therefore non-fundable for over-ordering or change of mind.

more than just handles
